

READY TO OWN THE T20 GAME?

Modern cricket demands more than tradition. We develop explosive skills, sharp thinking and elite habits - built to dominate today’s game and unlock global pathways.

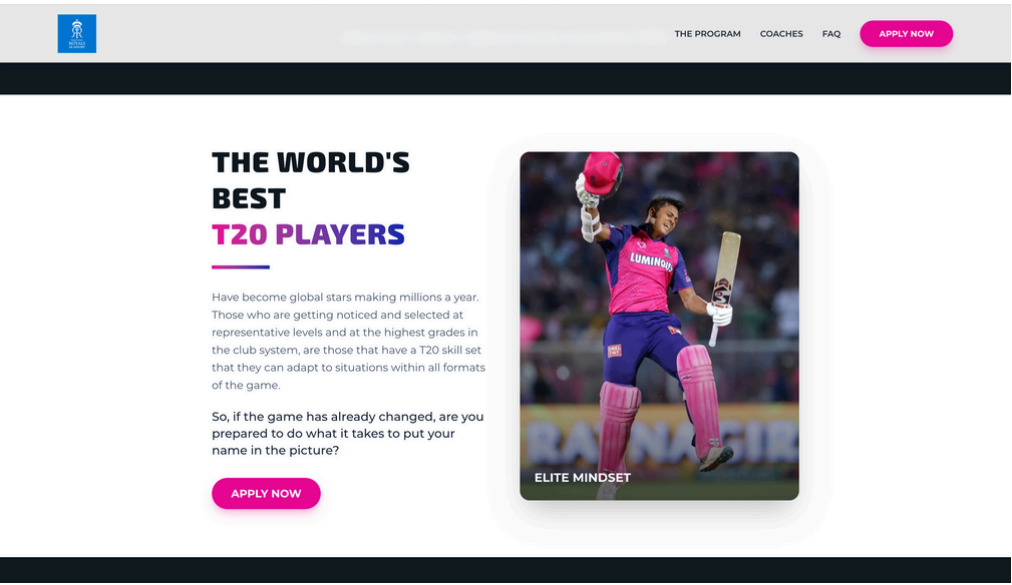

THE FUTURE OF T20 DEVELOPMENT STARTS HERE.

Rajasthan Royals Academy - Elite Program
Australia | Melbourne | Launching April 2026

Built for the Next Generation of T20 Game-Changers
The Rajasthan Royals Academy Elite Program is a high-performance development experience designed to fast-track Australia’s most promising cricketers into the modern T20 game.

Launching in Melbourne in April 2026, this program delivers direct access to the Rajasthan Royals’ global player development system - bringing the Royals’ world-renowned approach to talent identification, skill development and performance excellence to Australian shores for the first time.

This is elite cricket development, delivered the Royals way.

TRAIN THE ROYALS WAY. COMPETE AT THE HIGHEST LEVEL.

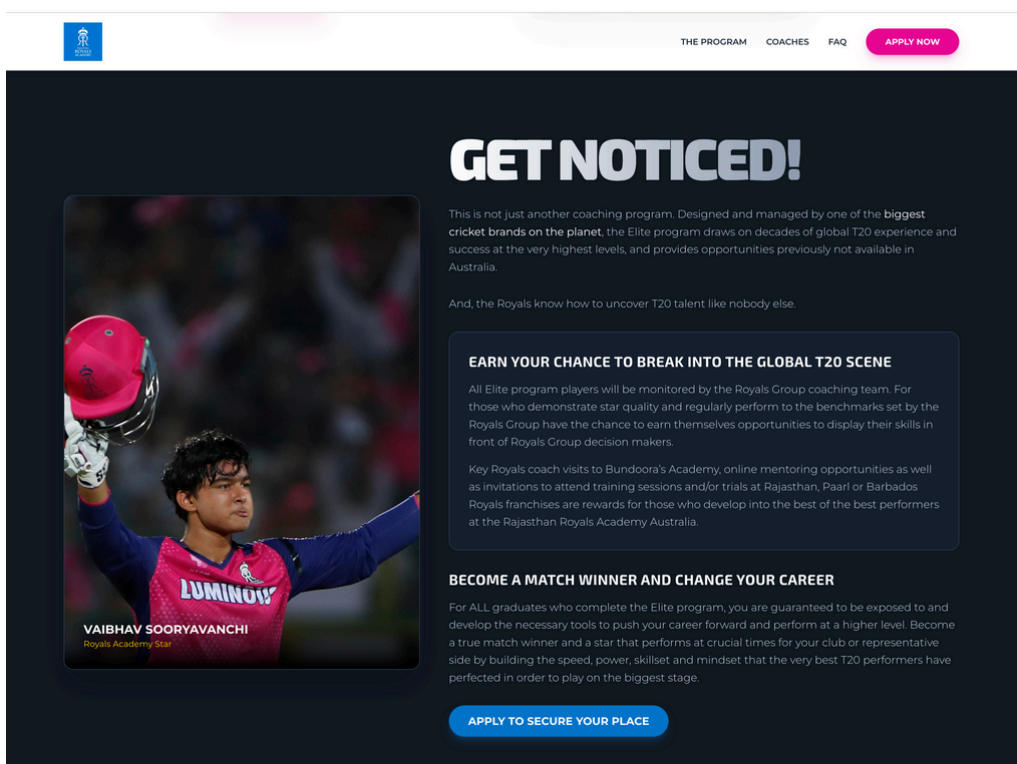

The Royals Group: Proven on the World Stage

The Royals Group operates at the sharp end of global T20 cricket, with franchises across the world’s premier leagues:

- Rajasthan Royals – Indian Premier League (IPL)
- Paarl Royals – SA20
- Barbados Royals – Caribbean Premier League (CPL)

Renowned for backing youth and unearthing future stars, the Rajasthan Royals have identified and developed some of the most exciting T20 talent in world cricket. Players such as Yashasvi Jaiswal, Vaibhav Sooryavanchi, Mitchell Owen, Lhuan-dre Pretorius and Kwen Maphaka are now household names, performing on the biggest stages in the game.

Our Elite Program is built on the same principles that helped launch their journeys. Are you ready to start yours?

TRAIN DIFFERENT. PLAY DIFFERENT.

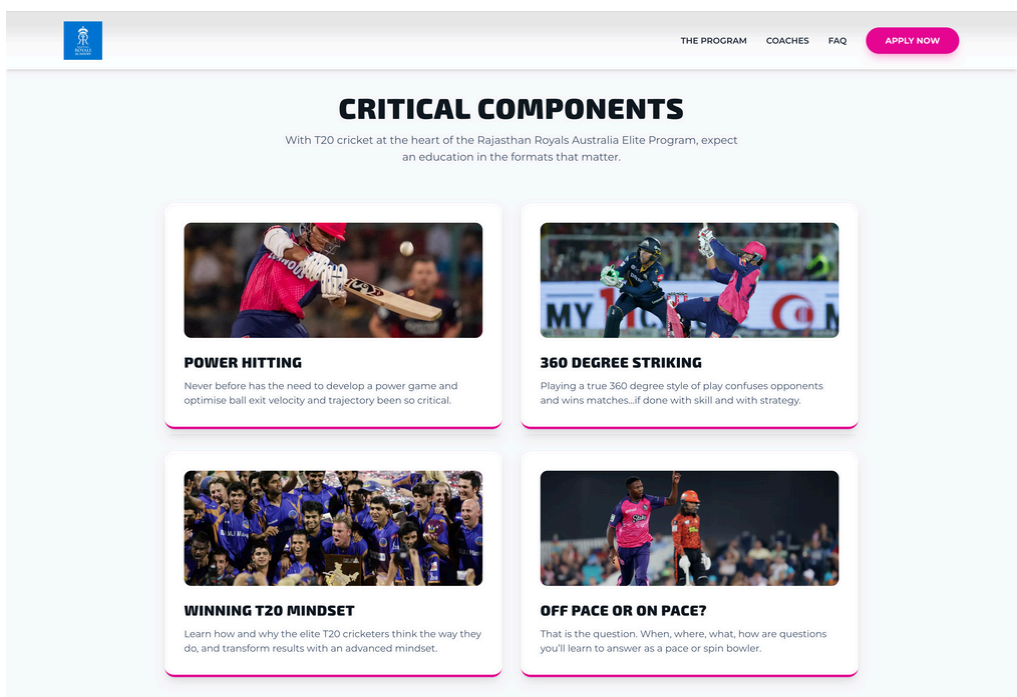

The Royals Way: How Elite Players Are Built

The Elite Program is grounded in the Royals Way - the Royals Group's global player development framework.

Every element of the program is designed to produce:

- High-impact T20 skillsets
- Tactical intelligence and adaptability
- Mental resilience and performance consistency
- Players who can dominate moments - not just participate

While T20 excellence sits at the core, skills are deliberately transferable across longer formats to create complete, versatile cricketers.

Info to be *added* to this section, rather than replace. Perhaps through use of pop-outs.

WHERE AMBITION MEETS ELITE OPPORTUNITY.

What the Elite Program Delivers

Participants will experience a fully integrated, high-performance environment, including:

- A personalised, T20-centric development plan
- Access to state-of-the-art facilities and performance technology
- Real-time feedback designed to accelerate learning and execution
- Specialist support across nutrition, psychology, and strength & conditioning
- Regular match and match-simulation opportunities
- Selection opportunities for Royals Academy Australia fixtures
- Ongoing performance tracking and review by Royals Academy Australia and Royals Group coaches
- In-person and online mentoring with Royals Group players and coaches
- Exclusive, invitation-only opportunities to train at the Royals High Performance Centre in Jaipur, India
- Exposure opportunities for standout performers to be assessed via:
 - IPL, CPL and SA20 trials
 - Australian-based trials
 - Direct video review by Royals Group coaches

Every element is designed to challenge, sharpen and elevate.

• **SUGGESTED LAYOUT:**

Pop-out / lightboxes with full profile information (rather than a new pages or too much text below each image).

ELITE LEADERSHIP. WORLD-CLASS INSIGHT.

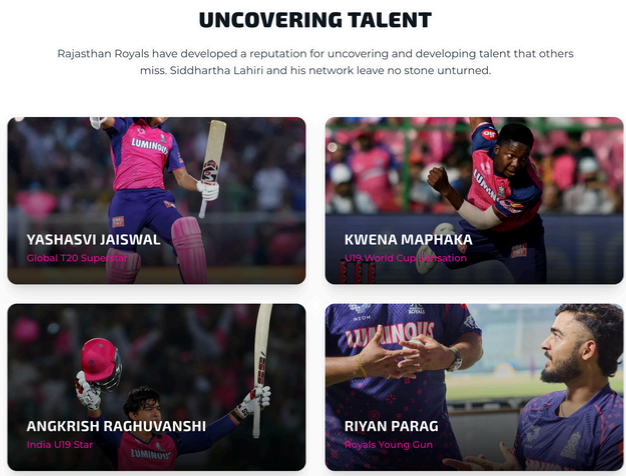

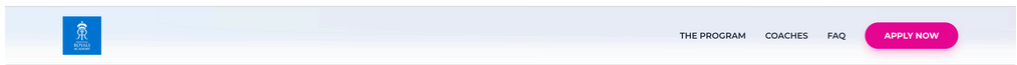

The program is led by senior Royals Group figures at the forefront of international player development:

- Siddhartha Lahiri - Royals Group Head of International Player Development
- Andy Crook - Director of Cricket, Australia
-

Players will work under a hand-picked leadership and coaching group selected by the Royals Group, including:

- Royals Group franchise coaches
- Royals Academy Australia coaches
- Specialist coaches and mentors with elite experience across the IPL, SA20, BBL and Vitality Blast
-

This is direct access to some of the sharpest cricket minds in the modern game.

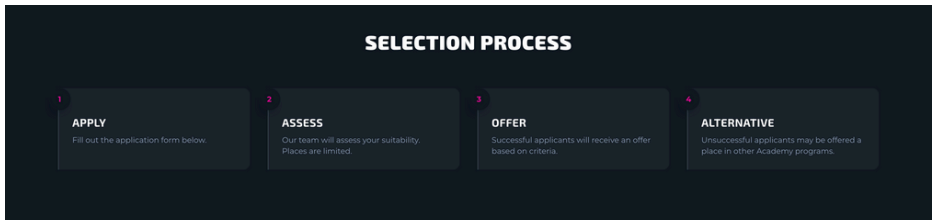

UNCOVERING TALENT

The T20 game has changed. Have you?

Places in the Elite Program are limited and highly competitive.

- Applications are assessed by the Rajasthan Royals Academy selection team
- Application reviews conclude by February XX
- Offers are issued by March XX
- Selected applicants may be invited to a trial session in Melbourne, featuring the Royals Academy coaching team and Siddhartha Lahiri, on March XX

While not all applicants can be selected in the first intake, all submissions remain on file, with future opportunities available as the Royals Academy pathway continues to expand.

DEFINING SUCCESS

Elite development. Global pathways. Proven results.

The Elite Program aims to produce cricketers who leave sharper, stronger and more impactful - equipped to influence matches at club and representative level, and prepared for the demands of elite T20 cricket.

For the best performers, the pathway accelerates:

- Younger players gain early visibility within the Royals global scouting network
- Older players who consistently meet Royals performance benchmarks may be considered for trial opportunities in Australia, India, Barbados or South Africa

This is about momentum, opportunity and progression.

PROGRAM STRUCTURE

- Start: Early April 2026
- Duration: Approximately 12 weeks
- Base: Cutting Edge Cricket, Melbourne
- Environment:
 - Predominantly indoor, with outdoor sessions weather-dependent
 - 70% T20 performance focus
 - 30% application of T20 skills to longer formats
- Monitoring: Continuous training and match performance analysis conducted by the Royals Academy Melbourne and Royals Group coaching staff

Exceptional performers may be invited to attend a training camp at the Royals High Performance Centre in Jaipur.
