

Unified Landing Page: Section-by-Section Blueprint

This blueprint outlines the comprehensive flow for the unified Elite Program landing page, incorporating the best elements of the existing pages (LP1, LP2, LP3) and introducing new sections to paint a complete picture of the experience.

Design & Brand Promise: Every section must strictly adhere to the Rajasthan Royals visual identity used across LP1, LP2, and LP3. This means:

- **Color Palette:** Extensive use of `rr-dark` (deep slate/navy) for premium sections, stark `white` and `slate-50` for clean informational blocks, and `rr-pink` alongside `rr-blue` for high-impact accents and gradients.
- **Typography:** Bold, all-caps headings for power statements (e.g., "READY TO DOMINATE") contrasted with clean, sans-serif body text (`slate-700` or `slate-300`).
- **Media & Overlays:** Immersive, high-quality player action shots with heavy `rr-dark` gradient overlays to ensure text legibility while maintaining drama.
- **Micro-interactions:** Framer Motion reveal animations (fade-in, slide-up) to make the page feel dynamic and premium as the user scrolls.

1. The Hero Section (The Hook)

Goal: Grab attention with elite branding, high energy, and clear urgency.

- **Visuals:** Dark, immersive background video (e.g., Kumar practice video or Sooryavanchi celebrating) with a sleek gradient overlay.
- **Headline:** "Ready to Dominate the T20 Game?"
- **Subtitle:** "The future of T20 development starts here. 12 weeks of high-performance training with the Rajasthan Royals Academy."
- **Urgency Elements:** "Only 20 Spots Remaining for the 2026 Assessment Session."
- **Primary CTA:** Sticky or floating button: "Apply to Secure Your Place."

2. The Dream & Pathway (Why This Program?)

Goal: Show them what's possible and the prestige of the Rajasthan Royals brand.

- **Design Aesthetic:** Keep this section light (`bg-white` or `bg-slate-50`) to contrast deeply with the Hero. Use curved borders (`rounded-2xl`) and deep shadows for image cards, mimicking the clean elegance of LP1's *Success Stories*. Highlight text in `rr-pink` .
- **Visuals:** High-quality player action shots, logos of Royals group teams.
- **Key Points:**
 - Connected to a global IPL powerhouse (The Royals Group Connection).
 - Designed for players seeking elite pathways (Premier Cricket, State reps, etc.).
 - Moving beyond traditional club training—focused on modern, explosive T20 cricket.
- **New Element [Alumni & Outcomes]:** Briefly state what players achieve post-program (e.g., "From our Academy to Premier 1st XI").

3. The Methodology (The Science & The Setup)

Goal: Explain how we develop elite players, combining coaching and technology.

- **Design Aesthetic:** A dark-mode block (`bg-rr-dark` `text-white`) to command authority and shift the visual rhythm. Use glowing pink/blue accents for the infographic timeline. This should feel like the *ProgramOverviewDark* component from LP2.

- **Visuals:** Infographic of the "Explore, Challenge, Execute" phase timeline.
- **Key Points:**
 - **Phase Effectiveness:** Breakdown of the 12-week structure (Weeks 1-4, 5-8, 9-12).
 - **Specialist Coaching:** Focus on batting, bowling, and fielding disciplines separately.
 - **The Royals Way Philosophy:** Mindset, preparation, and tactical awareness.
- **New Element [A Session Walkthrough]:** "A Day in the Life" – A quick bulleted timeline of a standard 2.5-hour session (e.g., 20m Dynamic Warmup -> 60m Skill Acquisition -> 45m Match Scenario -> 25m DNA Profile Review).

4. The Technology Edge (The DNA Profile)

Goal: Highlight the proprietary tools we use to track progress.

- **Design Aesthetic:** Split-screen layout. Left side: Text selling the tech. Right side: A floating phone mockup tilted slightly with the app UI visible.
- **Visuals:** Mockups of the RRAM DNA Profile application on a smartphone.
- **Key Points:**
 - Tracking 30+ data points including Bat Speed, Bowling Pace, and Execution %.
 - Individual Development Plans mapped out digitally.
 - Constant feedback loop between players, parents, and coaches.

5. The Environment & The Coaches (The Proof)

Goal: Build trust in the facility and the coaching staff.

- **Design Aesthetic:** Light background (bg-white). Grid structure for coach profiles using black-and-white or desaturated player imagery to maintain a serious, elite tone (similar to LP1's *Coaches* section).
- **Visuals:** Photos of Siddhartha Lahiri, Jarryd Rogers, and the facility.
- **Key Points:**
 - Headed by Siddhartha Lahiri (Head of International Player Development).
 - World-class technical and tactical support.
- **New Element [The Facility]:** Highlight the *Cutting Edge Cricket Centre* in Bundoora. High-quality nets, bowling machines, and elite surfaces.
- **New Element [Parent & Player Testimonials]:** Quotes specifically focusing on safety, professionalism, and noticeable skill improvement.

6. The Value Stack & Investment (What You Get)

Goal: Overwhelm them with value before presenting the price.

- **Design Aesthetic:** A return to the dark theme (bg-rr-dark) to anchor the value proposition of the pricing tier. Use stark white text and pink highlights for the numbers to make the investment clear and upfront (drawing heavily from LP2's *YourInvestment* block).
- **Visuals:** A "kit layout" photo showing exactly what they receive.
- **Key Points:**
 - **The Blueprint:** Dates, times, and location perfectly laid out.
 - **The Premium Gear:** Official Pink & Blue training kit (Shirt, Shorts, Cap).
 - **Beyond 12 Weeks:** Ongoing masterclasses, priority access to future camps.
 - **Bonus Offer:** Whatever limited-time bonuses apply (e.g., 1-on-1 session discount).
- **The Investment:** Clear, transparent pricing. Framed as an investment in their child's athletic future rather than a "cost."

7. Overcoming Objections (FAQ)

Goal: Eliminate any remaining friction or questions.

- **Design Aesthetic:** Clean, minimalist white section (`bg-slate-50`). Accordions should have subtle hover effects (background shifting slightly) and clear `+` / `-` icons in Rajasthan Pink.
- **Visuals:** Clean, easily expandable accordion style.
- **Key Points:**
 - Combined FAQs from LP1 and LP2.
 - Addressing skill level requirements, age brackets, payment plans, and missing sessions.
- **New Element [Safety & Conduct]:** Mention the Code of Conduct and background-checked coaches to reassure parents.

8. The Checkout (The Close)

Goal: Seamless transaction without leaving the page.

- **Visuals:** A clean, multi-step card layout anchored at the bottom of the page.
- **Key Points:**
 - Step 1: Player Details (Age, Role, etc.).
 - Step 2: Sizing (The updated XXS-XL logic).
 - Step 3: Secure Payment & Terms Acceptance.
 - Final urgency reminder ("Don't miss out on placing in the final 20").
